

Wow, what can I say except that K-Love is wonderful. My wife, son and I listen to it everyday K-Love has such positive and encouraging music. My 4 year old son even sings along with the songs. My wife has had many occasions people have come up to her after seeing her K-love bumper sticker, and commented on how much the music on K-love has helped them in time of need or for a uplifting song. Please don't let an LPFM station displaced K-love. Everyone that I run into is so very happy for such a positive family friendly radio station. It has had a wonderful effect on my family and on people we did not even know, who have approached us commenting on what wonderful station for the whole family after seeing the bumper sticker on our cars. The community needs a family friendly station, my son needs this station now and as he gets older. I ask you to please do not let a LPFM take the station off the air. K-love is what a radio station should be. K-Love is what we need in our area, not something else!

Thank You

Mr. Tracey Flory, Mrs Tonya Flory, Dane Flory
